

Guest Lecture by Prof Ezekiel.J.Emanuel of Pennsylvania University, USA at BBD University

January 05,2017 , a Guest Lecture by Prof. Ezekiel J.Emanuel, Chairman of the Department of Medical Ethics and health Policies, University of Pennsylvanea, USA was organized at BBD University. Prof. Emanuel is renowned academician, researcher and a well known policy maker in the field of Public Health Care. The Programme was started by the lighting of the lamp and followed by felicitation of the guests. On this occasion Mr. Sanjay Govil, Chairman, Infinite Computer Solution (US based IT Company), Mrs. Vidya Govil, Ankit Govil and Prof. A. K. Mittal, Vice Chancellor, BBD University were also present. Prof. A. K. Mittal welcomed the Guests and appraised them about the University and its initiatives.

Prof. Ezekiel J. Emanuel in his lecture discussed some issues related to public Health Care and health insurance policies of United States. He told that despite of the fact that the Budget of Public Health Care of United States being equivalent to the total budget of many developing countries of the world, United States still facing problems and a large population is not converged under health insurance. He told that the Obama Government had introduced some health policies (Obama Care) which may be revisited and recalled by the new Trump Government.

The Lecture was well attended and appreciated by the faculty members, research scholars and the students of the University
