

School of Management Organizes a Guest Lecture on Strategic Management

With a vision to shape the future leaders in the right direction, School of Management invited Col. Ravindra Tripathi, for a guest lecture on Strategic Management on 29th January 2018.

Col. Tripathi, a Fellow of Institution of Engineers has served in Indian Army's Corp of Electronics and Mechanical Engineering. He is Honorary faculty with Mumbai University's Garware Institute of Career Development & Education as well as Course in charge of Diploma in Foreign Trade Management course conducted by GICED. He is a core team member of FINS (Forum for Integrated National Security), which today is a well-recognized organization at international level.

Col. Tripathi informed the students about the strategic management process and the need for having a strategic culture in any organization. He also spoke on the benefit of cultivating forward thinking habits to survive in today's environment and the need for younger generation to develop strategic thinking abilities to gain a competitive edge over others.
